**GENERAL CURRICULUM NEWS**

**Reminder: Transfer Credit Reevaluations – Please clear pending requests before registration**

We ask that all department reviewers for the Transfer Credit Reevaluation process clear pending requests prior to student registration for Spring 2023. Shopping carts are open to students now and registration begins on Friday, 10-21-2022. To verify that all your requests are completed, go to the Credit Home Page, select the Evaluate link, and run a blank search. This will show all requests pending your decision. If you have any questions about the system, you can reach out to Heather Thompson.

**Review your Course Inventory**

OUC recommends that all departments/academic units review their course inventory every September in preparation for the October 15th course proposal deadline. For this review, here are a few suggestions:

1. Use the Catalog to access your unit’s approved course inventory, by subject code.
2. Review the course titles, descriptions, requisite statements, and other course info to make sure the information is up to date with how the course is currently offered. You might also contact your faculty with a request that they review their courses using the course search tool in the Catalog.
3. Identify courses that may be a good fit for Research & Discovery in the IDEAs in Action curriculum. The College is particularly in need of courses with no prerequisites and no enrollment restrictions.
4. Identify courses that may be a good fit for the **High-Impact Experience** requirement in the IDEAs in Action curriculum.

5. Identify courses that may be a good fit for the **Communication Beyond Carolina** requirement in the IDEAs in Action curriculum. This requirement emphasizes the role of oral communication, with particular attention to tailoring communication to different audiences. For example, courses that meet the Communication Intensive (CI) requirement in the Making Connections curriculum may require just a few small adjustments to align with the goals and learning objectives for COMMBEYOND. The [course development guide](#) includes additional information for faculty who are interested in developing a COMMBEYOND course.

6. **Special topics** courses (e.g., 190, 290, 490) allow faculty members to offer timely courses or try out a new course before submitting a proposal for a permanent course. Verify that your department has a special topics course at all the appropriate levels (e.g., 100-399; 400-699).

7. The number of times that the same special topics course can be offered should be limited to no more than two occurrences. After that, the course should be submitted for a permanent number. Ask your SSM to provide a list of courses that have been offered under a special topics number.

8. Verify that your department has the necessary “**independent study**” courses that may be needed by students in your department (e.g., *96 directed readings, *95 mentored research, *93 internship, *91 or *92 undergraduate learning assistant).

9. There are many courses in the Catalog that are not currently taught, which can create challenges for students who want to use the Catalog to identify courses they could take to complete their degree requirements. To help your students, please identify courses that will no longer be offered (e.g., retired faculty; course no longer relevant), and submit deactivation requests. Contact Nick Siedentop (nick_siedentop@unc.edu) if you would like a report identifying which courses in your unit have not been offered in 5 years.

### Undergraduate Course Proposals

All course proposals are managed through the Curriculum Inventory Management system (CIM). Once a proposal is fully approved in CIM, the course information is updated in the Next Academic Catalog (published annually on June 1st) and updated in ConnectCarolina based on the effective date of the CIM proposal. The [OUC website](#) includes information about the course proposal process, including syllabus guidelines, links to the CIM Course Dashboard and CIM Approval Queue, instructions, and deadlines.

**Saturday 10-15-2022** is the final deadline for undergraduate program proposals, and undergraduate course proposals (both new proposals and revisions to existing courses). With the deadline falling on a weekend, the OUC will accept proposals through **Monday 10-17-2022**. All proposals submitted by this deadline will be reviewed during the 2022-23 academic year and implemented in fall 2023.

Questions about course proposals can be directed to [Hannah Summers](mailto:). Questions about program proposals can be directed to [Nick Siedentop](mailto:).

### CIM Updates from the Office of the University Registrar (OUR)

OUR is periodically sending email reminders for proposals that are ‘stale’ (proposals that have been edited, but not submitted) or ‘stalled’ (proposals at a workflow step pending approval) in CIM. OUR also recently sent out an email reminder to all departments to add, change, or delete individuals in the CIM workflow or the Catalog (CAT). For more information about CIM and CAT user roles, please visit the [Office of the University Registrar’s website](#).
IDEAs in Action Curriculum

Campus Life Experience Requirement: Advertise your Department Events
Campus Life Experience (CLE) is supported by Student Affairs and collaborates with IDEAs to help students experience the co-curricular elements of UNC’s campus and integrate these experiences with their learning at Carolina. Students must complete 2 CLE events for every fall/spring term of full-time enrollment or 1 CLE event for every fall/spring term of part-time enrollment. Only CLE events submitted and approved in Heel Life will count for a student. Both student organizations and faculty and staff will be able to create events and request that they be reviewed to count as a CLE. Please visit the Campus Life Experiences website for more information.

Spring 2023 First-Year Seminar Prospectus Form Deadline

Spring 2023 First-Year Foundations Registration Questions
Now that students have access to their shopping carts and with Wave 1 registration fast approaching, students may have questions about registering into FY Foundations. There is a FAQ page on the IDEAs in Action Website that answers many of these questions. We have information there for first-year and transfer students (including Carolina Global Launch students). We’ll continue to update this page as we encounter new questions.

Policy Updates
Deadline for Clearing a Temporary Grade of AB or IN:
Temporary grades should be cleared by completing the work outstanding, preferable no later than the start of the following semester. The deadline for clearing a temporary grade of AB or IN is the last day of finals for the next regularly scheduled semester or the instructor-provided deadline, whichever is earlier. Previously, the deadline for AB grades and the deadline for IN grades were different. The updated policy is included in the Catalog.
