Spring 2022 SET Selection Next Week

Dear Chairs and Course Evaluation Coordinators,

Selection for Student Evaluations of Teaching (SET) for Spring 2022 will occur between March 7 and 11, 2022. You can find instructional resources online under the “Selection Process” section. One update to note is that we are now requiring you to add an instructor role to any added instructors. These roles are PI, SI, and TA (for Primary Instructor, Secondary Instructor, and TA).

Please check your instructors carefully and ensure that only those who should be evaluated for a section are listed. If anyone is missing, this means that either they are not on the course in ConnectCarolina, or they are not on the course in a role that is pulled into Blue (PI, SI, and TA). Please reach out if you have any issues adding a missing instructor.

If you would like to meet with me for a new user or refresher training (via Zoom), please email to arrange a time or send an Outlook invitation for a time that works well for you. My availability is up to date in Outlook, which you can view under the “Scheduling Assistant” within a meeting invitation. I will not be available on Monday, March 7, but have reserved almost all of the rest of the week to be available for such training appointments.

A confirmation list of included/excluded courses and course instructors will be sent to this listserv the week of March 21, 2022 for confirmation checks.

As always, you can reach me most easily by email during the selection period for questions and support. Emailing cas_evaluations@unc.edu will elicit the fastest response times as I monitor that email closely during selection.

Thank you all for your work supporting SET each term.

Have a great day,

Heather Thompson
